

ULSTER!

High school freshman or sophomore?
Host a teen from Northern Ireland in July!

Each July, a group of 12 teens from Northern Ireland come to Cincinnati and stays with host teens and their families.

All of the teens (both Northern Irish and American) participate daily in a variety of activities in an effort to promote peace and unity between Catholics and Protestants through acceptance and friendship. Activities include service projects (day care centers, orphanages, nursing homes, etc.), social activities (swim parties, Kings Island, sporting events, etc.) and discussion groups (where character issues and conflict resolution are discussed).

Gain new friends—both locally and internationally—and earn 30 hours of service!
